Subject: NC District 11 REPORT & FEEDBACK

hey Bob,

i apologize for my being about a week late in responding to the recent WTP newsletter regarding the status of the Plan. i know you are swamped, so i'll try to make each section as brief as i can (which is very difficult for me! 8-).

petition response report:

i just got off the phone with a person at the NC District 11 Rep. Heath Shuler's office in DC. i told him i was doing a follow up to see if Heath Shuler had planned to respond to the Petitions.

he put me on hold for a bit, then came back, confirmed my mailing address, and said yes, this matter was already on the list for a response. i reminded him that the deadline for response is Aug 8th and that you, apparently along with some others, plan to begin a hunger strike on Aug 11.

he said he'd make sure to get a reply to me by Aug 8th. i'll let you know what kind of response i receive, but i presume by the time i do so, you will have already begun your hunger strike.
