Mr. OBAMA's ELIGIBILITY TO BE AIRED MONDAY AT THE NATIONAL PRESS CLUB

Queensbury, NY – On Monday, December 8, 2008, at 1:30 pm, the We The People Foundation will conduct a press conference at the National Press Club in Washington D.C. The licensed attorneys who initiated lawsuits in PA (Philip Berg), NJ (Leo Donofrio) and CA (Orly Taitz), challenging Mr. Obama's legal eligibility to hold the Office of President of the United States, will briefly summarize the facts, legal arguments and status of their cases. They will answer questions from the press.

Prior to the start of the conference, at 10 am, the Supreme Court of the United States is expected to announce whether it will consider applications from these attorneys who have asked the Court to delay the proceedings of the Electoral College pending a determination of the underlying constitutional question – the meaning of the “natural born citizen” clause of Article II of the Constitution and its application to Mr. Obama.

Robert Schulz will briefly discuss Mr. Obama's response to the publication of his Open Letter in the *Chicago Tribune* on Monday and Wednesday of this week. For the reasons given in the Open Letter, Schulz asked Mr. Obama to: (1) immediately authorize Hawaiian officials to provide a team of forensic scientists access to his original (“vault”) birth certificate and (2) arrange for the delivery of other documents needed to conclusively establish Obama's citizenship status. Mr. Schulz will answer questions from the press.

“Under our Constitution, no one is eligible to assume the Office of the President unless he or she is a ‘natural born citizen,’” said Bob Schulz, Chairman of the Foundation. “To date, Mr. Obama has refused all requests to release his original birth certificate or other documents that would definitively establish his citizenship status and thus his constitutional eligibility.”

The Open Letter to Mr. Obama summarizes the evidence against Mr. Obama and the adverse consequences that would befall the Nation should he assume the Office of the President as a *usurper*.

“Should the state members of the Electoral College cast their votes for Mr. Obama in the face of such overwhelming evidence, and without verification of Mr. Obama's eligibility, they would be committing treason to the Constitution,” said Schulz.
